Nationality and National Client Identifier (NCI) FAQs

The following questions might help:

Why will I need to confirm this information?

Under MiFID II legislation organisations are required to confirm their customers' nationalities and national client identifiers. This is to enable firms to accurately report deals completed to their local regulator, which for us is the Financial Conduct Authority.

This information is required to ensure the FCA can monitor dealing patterns and identify any market abuse. Using the NCI will ensure this reporting is consistent across all investing platforms and stockbrokers. Therefore, where this data is outstanding, customers will need to provide their NCI to be able to continue dealing as normal. If customers do not provide this information where necessary, it will prevent trading or delay any investments until this information is in place.

What should I do if I act on behalf of someone else?

If you act on behalf of another customer, such as a Power of Attorney / third party mandate, or a registered contact for minors, we will need to collect your NCI as the decision maker on the account, as well as the underlying account owner.

Please note: this is industry wide legislation, with all stockbrokers and investment platforms required to comply. You may find you are required to complete this with multiple brokers, where applicable.
